Dear Friends of Yosemite National Park:

We are pleased to provide you with a copy of the *Finding of No Significant Impact for the Curry Village and East Yosemite Valley Campgrounds Improvement Project*. This document records the decision of the National Park Service to implement the actions and concepts as described in Alternative 3 of the Curry Village and East Yosemite Valley Campgrounds Improvement Project Environmental Assessment.

The National Park Service has determined that the proposed project will not significantly affect the quality of the surrounding environment; therefore, an environmental impact statement will not be prepared.

We thank you for your comments regarding the project. Public participation is a key element in the environmental review process at Yosemite National Park. Your participation helps to ensure that the National Park Service fully understands and considers your values and concerns.

Sincerely,

Michael J. Tollefson
Superintendent
